

*Dear Parents and Students,*

*Welcome to Arches Academy! I'm so excited to be a part of the amazing educational team at Arches as the Music Specialist and Level 8 Math Instructor!*

*Get ready for an amazing year! In music this year we will be not only learning about the history of music and how it works, but we will also be performing, creating, listening to, and being inspired by music. Music has changed my life and I am excited to create and share beautiful music this year!*

*This year, I will also be working with the Level 8 Math students. I am passionate about giving students the trust and support they need to be self-sufficient learners. I am looking forward to seeing the students fly in their mathematical endeavors this year!*

*I grew up in Tremonton, UT and love music, snow, and a good book. I recently graduated from Brigham Young University with a degree in Music Education. There I had the wonderful opportunity of being a part of prestigious music ensembles such as BYU Singers, BYU Concert Choir, and BYU Symphony Orchestra. During my time at BYU I also had the opportunity to be in Rob Gardner's Lamb of God Concert Film. I am highly involved in numerous community music organization, including being serving as producer and music director for A Voice for Good, a non-profit community choir in Orem.*

*With love,*

*Miss Capener*
