

# Miss K's Art Class

I can't wait for art classes to start in August. I have so many fun filled projects and activities to share with all of you! It's going to be a blast! At Arches Academy, we have the opportunity to learn multiple artistic mediums; painting, drawing, oil pastels, clay modeling, digital and so much more!

I love art and studied it for three years before graduating and moving to Utah. I hold a BS degree in Cinema Art and Sciences and focus in Graphic Design. I am experienced in several different art mediums and have taught many different types of art, from beginner's drawing courses to advanced digital media and animation! I have been teaching art classes since 2018 and have been teaching at Arches Academy since 2019.

I love living in Utah and spend much of my time outdoors. I love to hike, rollerblade, rock climb and camp. All of this is even better if I get to bring my pup! As much as I love the outdoors, I also love taking time to work on my own personal art.

In Art class this year, we will not only be creating our own art but also studying techniques from famous artists all over the world and throughout different parts of history. We have a big year ahead of us and I'm so excited to get started.
